IES Rochester Section Presents

FUNDAMENTALS OF LIGHTING

FUNDAMENTALS
OF LIGHTING

Presented over three evenings, *this is an abbreviated version* of the IES Fundamentals of Lighting 2023 which is an introductory course comprised of ten modules.

Topics to be covered include

Tuesday October 24: Modules 1-3 Intro to Light & Lighting, Electric Light Sources & Daylighting

Thursday October 26: Modules 4-6 Luminaires, Controls & Photometry

Monday October 30: Modules 7-10 Overview of Codes and Interior/Exterior Lighting practices

This course is ideal for those who have only a basic awareness of lighting and professionals who want a thorough overview of the field.

Instructors

Michael Trippe, LC, MIES - Specification Sales, Point Source Group, inc
Dan Ozminkowski - Asst. Mgr. of Standards Development, IES

October 24, 26 & 30 - 5:30-8:30PM

Location: Point Source Group, inc
3495 Winton Place, Rochester, NY 14623

\$349 (\$299 before 10/10) covers all 3 nights including class materials and meals
