IES Rochester - December Program

Sports Lighting Design

Presented by

Walt Owens, PhD - Mechanical Engineer, Ephesus Lighting

This presentation will describe some of the many design elements to consider when designing lighting for sports venues. Lighting technology improvements and controls have changed the way we experience sporting events both in person and on television. Topics including luminaire design, luminaire placement, aiming, center beam candlepower, designing lighting for multi sport arenas and the like will be discussed.

Wednesday December 4 ~ 12:00-1:00PM

NEW LOCATION !!

Lemoncello

137 West Commercial Street - East Rochester, NY 14445

\$30 per person includes lunch
